

Notice

20 November 2025

Dampier to Bunbury Natural Gas Pipeline access arrangement for 2026 to 2030

Publication of submissions

The Economic Regulation Authority has published submissions received in response to our call for additional public comment on two matters that may affect the Dampier to Bunbury Natural Gas Pipeline access arrangement for 2026 to 2030.

The matters being further considered were the treatment of overrun revenue and a mechanism for demand uncertainty.

The ERA received six submissions by the deadline of 17 November 2025. These submission are published on our [website](#).

The ERA appreciates input from interested parties and will consider the matters raised in submissions when preparing its final decision on Dampier Bunbury Pipeline's access arrangement proposal.

The ERA expects to make its final decision in December 2025.
