

APPLICATION FOR AN ELECTRICITY SUPPLY LICENCE

Electricity Industry Act 2004 (WA)

To: The Economic Regulation Authority
6th Floor, 197 St Georges Terrace
PERTH WA 6000

Introduction

This application is to the Economic Regulation Authority ('Authority') under the provisions of the *Electricity Industry Act 2004 (WA)* ('Act'). Applicants should be aware of the Act's licensing provisions. The Authority can assist an applicant in preparing an application and provide advice in relation to the information required as part of the licensing process. However, it is the responsibility of the applicant to ensure that the application complies with the Act. The application consists of this form and written submissions addressing the matters detailed in the Attachment. All information including plans should be submitted to the Authority in triplicate, together with an electronic copy of all information in a suitable format. The application fee must accompany this application.

If the applicant comprises more than one legal person (e.g. a Joint Venture) the information required for this application is to be provided for each such person.

The Authority is bound by its obligations relating to confidential information in the *Public Sector Management Act 1994 (WA)* and the *Economic Regulation Authority Act 2003 (WA)*.

Accordingly, the Authority has a very strict privacy policy regarding sensitive business and commercial information which is provided to the Authority as part of an electricity supply application or pursuant to the terms of a licence.

The Authority is bound by the *Freedom of Information Act 1992 (WA)* ('FOI Act'). However, section 33 of the FOI Act obliges the Authority to consult with a party who has provided it with commercial or business information as to whether the Authority should provide access to the material.

Further, the Authority will not provide information to an applicant under the FOI Act if the disclosure:

- (a) would reveal trade secrets of a person;
- (b) would reveal information (other than trade secrets) that has a commercial value to a person and disclosure could reasonably be expected to destroy or diminish that commercial value; or
- (c) would reveal information about the business, professional, commercial or financial affairs of a person; and disclosure could reasonably be expected to have an adverse effect on those affairs or to prejudice the future supply of information of that kind to the Government or to an agency.

Finally, under the FOI Act, if the Authority resolves to release commercial or business information the party who has provided it to the Authority can ask the Authority to review the decision internally or may have the decision reviewed by the Information Commissioner at the Department of Premier Cabinet 197 St Georges Terrace Perth WA 6000.

For this reason, the Authority recommends that applicants identify documents which may fall within provisions of section 33 of the *Freedom of Information Act 1992 (WA)* ('FOI Act') which contain:

- (a) Information (other than trade secrets) that has a commercial value to the business;
or
- (b) Any other information concerning the business, professional, commercial or financial affairs of the business.

Accordingly, the Authority seeks the applicant's views as to whether the documents contain matter that is exempt matter under clause 4 of the Schedule 1 of the FOI Act. If the Authority decides that this matter is exempt matter the Authority will refuse access to the documents by any third parties.
